"वीज वाचवा अभियान"

As our Honourable Prime Minister Shri Narendraji Modi said "बिजली बचाना भी एक देशभक्ती हे", so with this Electrical Engineering Department has taken initiative, and we have started general awareness programme on save electricity "वीज वाचवा अभियान". Under this a team including professor and students of our department visiting schools and colleges at different places and giving presentation about importance of Electricity, different ways to save electricity etc. Recently our team of four BE students and Prof. A Y Bansode, visited Z. P. School Pokharapur and Kendriya vidhyalya Pokharapur, Mohol. Under this activity we have set target of spreading message of "Save Electricity" to 5000 per year.

Students Delivering Message @ School

Felicitating by Principal

With Sports Coordinator

"P.T. USHA" OF EED

Our Second Year student Miss Sonali Patil participated in National Level Athletics Competition at IIT, Kanpur and won **TWO GOLD MEDALS**, one in 400 meter running and one in 200 meter running.

Also she participated in University Level Athletics Competition and won Two Gold and one Silver Medal.

Heartiest Congratulations to her!

Winning Certificate

Felicitation @ Dept.

"E2SA INAUGURATION & FRESHERS WELCOME FUNCTION"

Under the banner of E2SA, the inauguration function and welcome function for freshers organized by TE and BE students on 24th August 2015. This function was coordinated by Prof M D Chavan and chaired by honourable Campus Director Shri Sanjay Navale sir and our beloved principal Dr S D Nawale sir.

E2SA INAUGURATION PICS

HOD's Message

Prof. R. B. Gharase

Greetings!

A lot has happened since our last newsletter. Much of the credit for assembling the information provided herein goes to Mrs S S Kulkarni, who is staff coordinator for "VIDYUT".

As I write this the biggest news item is our Gold Medalist Sonali Patil, she has taken the name of department at National Level.

We have started "वीज वाचवा अभियान", staff and students also responded well to this. During last semester we had three university rankers as this time we have taken extra ordinary efforts so I think this number will be 6-8, this will be because of my staff only. Total placements during this semester is 2, but we are taking efforts to increase the number. Almost 90% BE students have applied for GATE and I think we will get good news in GATE also. We have developed one new laboratory (ADIC/EDC) during this semester. Now I am feeling that E2SA is doing their work actively, Congratulations to Team E2SA! Our students are having great achievements in Sports, Cultural and Extracurricular activities, I am proud of you, my students! One new staff has joined the department during this semester- Mr Prashant- Welcome to him.

WORKSHOPS @ DEPARTMENT

Sr. no.	Title	Class	Date	Resource persons	Staff Co-ordinator
1	PLC Training workshop	BE EE	27/06/2015 to 30/06/2015	Prof. Mahesh Takale	Prof A.A. Kotmale
2	MATLAB Workshop	SE & TE EE	15/08/2015 to 16/08/2015	Prof. Naeem Tahsildar	Prof A.Y.Bansode

2 nd	GURAV RAJSHEKHAR MAL-LIKARJUN	76.43
3 rd	KONDA NARESH GOPAL	75.5

STUDENTS' ACHIEVEMENTS

- Miss Sonali Patil from S.E. Electrical won **TWO GOLD MEDALS** at National Level Athletics Competition at IIT, Kanpur.
- Mr Suraj Maraje & Miss Darshana Puranik from BE placed in Accenture.
- Mr Sharanappa Birajdar & Mr Rajshekar Gurav of BE Electrical Secured 4th & 6th rank respectively in solapur university Exam.
- Mr Sandip Tarange of SE Electrical Secured 4th rank in solapur university Exam.
- Miss Simpall Dhanavale from TE Electrical got first prize at University Level Tiquando.
- NBNSCOE Girls Volleyball winner team consists of three players from EED: Suraksha, Padma and Kainat fatima.

FACULTY ACHIEVEMENTS

- Prof R B Gharase and Prof V S Biradar got **BEST TEACHER AWARD** of AY 2014-15.
- Prof V A Potdar worked as coordinator for Solapur University Youth Festival 2015-16.
- Prof V S Biradar Conducted **MATLAB WORKSHOP** at VVPIET, Soregaon.
- Prof P S Raichurkar Delivered guest lecture at SSWP, Solapur.
- Prof A A Kotmale delivered guest lecture at Balaghat Polytechnic, Ahmadpur.
- Mr Shivaji Kambale (Lab Assistant) from EED is doing LLB.

VISION

“Department of Electrical Engineering aims at Training Individuals for Technical Excellence, outstanding caliber and performance as well as to make Department a Center of excellence to promote academic, research, development and consultancy services to meet the regional, national and international requirements”.

MISSION

“To impart quality education to students to acquire excellence in the field of Electrical Engineering and to develop individuals with a blend of managerial skills, positive attitude, discipline and noble human values”.

SHORT TERM GOALS

- To enhance R&D and consultancy activities in the department
- To organize more number of continuing education and training programmes
- To provide technical support in the areas of social relevance
- To strengthen the industry- institute interaction
- To attain a level of five years accreditation

LONG TERM GOALS

- To establish State of the art research facilities in the department.
- To become globally recognized centre of excellence in fields of Electrical Engineering, technology and research
- To undertake research and development works in leading technologies by having alliances with various research organizations and industry
- To set up the Training Infrastructure for conducting value added training programs and enhance the employability
