Description of Activity:

Dr. S. D. Nawale, Principal, NBNSCOE, has given introduction to the chief guest Dr. Janhvi Inamdar (Director, Vishwaniketan, Khopoli) and Mrs. Aparna Bhirangi, Trustee Vishwaniketan, Khopoli.

Dr. Janhavi Inamdar visited our college and made third year students aware of the UG Fellowship program run by Vishwaniketan. She has given information about the Vishwaniketan UG Fellowship and Incubation Center. The Vishwaniketan college gives an opportunity to Engineering and Architecture students all over the India, to go abroad and to do the innovative projects. Vishwaniketan has tie ups with about 12 Universities in various countries including Italy, USA, Ukraine, Russia, Greece etc. and few more will be added from Japan, USA this year.

In detail she has explained the objectives and benefits of the UG Fellowship. Dr. Inamdar Mam explained the procedure for selection of students, detailed fee structure and deadlines for 'UG Fellowship Program 2018'. Every year Vishwaniketan college sends the selected students all over the India, to different countries for 45 days.

These fellowships/trainings are under Project based learning environment. Focus will be on learning than classroom teaching, Practical skills and ability to complete a high-end future technology. The expected outcome is Indian start-up. The incubation center is at Vishwaniketan which trains students from concept to product. Business funding also can be made available for extra-ordinary entrepreneurs.

Our last year students who went for the UG Fellowship program 2017 to Russia, Ukraine shared their experiences. Mr. Prathmesh Naware and Mr. Sidharth Bhandari had given the detailed presentation of their projects and Lab work in Ukraine.
